2. The Competitors

2.1 Registration

- Each National Ski Association is requested to annually register their competitors.
- Competitors are registered by using the FOU System on the FIS website via the member Section: <http://www.fis-ski.com/>
- Change the status "O" to "E" for all those competitors who should not be included on the FIS points list anymore. Competitors with the status "O" will be considered as registered for the coming season. Injured competitors must remain active with the FIS to maintain injury protection.
- Only competitors who have signed the Athletes Declaration as per ICR art. 203.3 may be registered for a FIS License.
(Each National Association is responsible that their athletes have signed the Athletes Declaration).

- O = Active (in the FIS points list) The status "O" remains also if athletes do not participate at a FIS event. Status changes from "O" to "E" can only be done between 01.06.2009 and 31.12.2009.
- E = Not active (not in the FIS points list). Athletes with status "E" will automatically be changed to "O" by FIS as soon as they participate at a FIS event. The National Ski Association is responsible that they have appropriate insurance and have signed the FIS athlete's declaration.
- D = Deceased

The responsible person of the National Ski Association who signs the registration to FIS, confirms with the signature that the above mentioned requirements are fulfilled.

2.1.1 First Registration

At the time of first registration of competitors for the FIS points list, FIS points as well as already notified FIS Code numbers (see Art 2.2) must be controlled precisely.

If they are wrong the points and the competitions where they were earned, must be indicated.

2.2 Code Number

Only competitors (Ladies and Men) with a valid FIS code can be admitted to the races.

2.3 Change of Nationality

All competitors automatically lose their FIS points if they change their National Association.

In case of re-registration, after 12 months, by the new National Ski Association the FIS must be informed about this decision and a new inscription for FIS points has to be made (ICR art. 203.5.3, 203.5.4).

3. Validity of the Individual Points Lists and Printing Deadlines

The validity of the lists is scheduled in coordination with the competition schedule for Olympic Winter Games, World Championships and FIS World Cup events.

The point values for all scales are based on the same percentage points awarded as in scale 1000 for 1st, 2nd , 3rd , 4th , 5th ,99th , 100th place in relation to the first place.

4.1.2 *Competition Levels and Corresponding Scales*

4.1.2.1 *Level 1 competitions: Scale 1000*

Olympic Winter Games, FIS Freestyle World Championships, FIS World Cup events are considered level 1 competitions

4.1.2.2 *Junior World Championships are considered from scale 500 to scale 360.*

4.1.2.3 *Level 2 competitions: Scale 500 to scale 50*

Continental Cups and Universiade are considered level 2 competitions

4.1.2.4 *Level 3 competitions: Scale 360 to scale 50*

FIS National Championships are considered level 3 competitions

4.1.2.5 *Level 4 competitions Scale 260 to scale 50*

FIS International competitions are considered level 4 competitions

4.1.2.6 *Selection of the scale for level 2, level 3 and level 4 competitions*

- The calculation for the FIS point level of an international competition is based on the average FIS points of the best 5 competitors who have started in the respective competition.
- At an international Freestyle competition FIS points will be awarded if 5 competitors with or without FIS points have started and at least 3 have finished.
- No matter, if only 3 or 4 competitors have finished the competition, the division is always by 5. After the calculation of the average points, one of the scales which are listed under item 4.1.1 is selected.
- To choose the best possible scale, the average point value must be equal to or higher than the corresponding entry point.

Average points	Entry points	Applied Scales	Race levels
230	211	220	2,3,4
231	231	240	2,3,4
310	306	320	2,3
400*	381	260 (360) level 4 (3) races cannot be better than 260 (360) points	4 (3)

* FIS International competitions or FIS National Championships.

4.2 **FIS Points Calculation Process**

4.2.1 *Evaluated results*

- For each new list the average of the best two results from the previous 12 months will be taken into consideration.

4.2.2 *Recalculation during the season*

- For the first competition of each list period the FIS points will be recalculated.

4.2.3 *Two or more results*

- If a competitor has two or more results in the previous 12 months, the FIS points will be calculated as follows:
- Average of the two best results

4.2.4 *Improvement During One Season*

- The points can be improved after each list period.

4.2.5 *Deterioration between list periods*

4.2.5.1 *No results*

- If a competitor does not have any valid results in the previous 12 months, but he has valid results in a previous FIS points list, these results will be reduced by 80 % per 12 months.

4.2.5.2 *Deterioration between periods*

From one list to the next, a competitor cannot worsen his FIS point value by more than 40%

In case that the competitor's points should worsen more than 40% (accordingly to rules 4.2.5 and 4.2.6) a limit of 40% will apply.

4.2.5.3 *One result*

If a competitor has only one result in the previous 12 months, the FIS points will be calculated as follows:

- Result minus 40 % with a maximum reduction of 80% (see no results)

4.2.6 *Injury status*

- Each National FIS Ski or Freestyle Association must apply to the FIS within 3 weeks after an injury with the official form and a medical certificate so that the points will be frozen.

The application of injury status is valid for one year after the 1st start.

- A competitor may have a maximum of 3 starts in this injury period per FIS points event (MO/DM, AE, SX, HP) without losing this injury status.
- If a competitor has more than 3 starts, during this injury period, the FIS points will be calculated according to the normal FIS points rules.
- If a competitor has less than 3 starts the better result of the following two calculation methods will be considered:
 - a) normal FIS points calculation
 - b) reduction of 40%
- If a competitor is unable to start for more than one year, the reduction per 12 month will be 40% of the last valid results.
- Competitors must remain registered as active with the FIS to maintain injury protection.

4.3 Professional Obligations or Military Service

If a National Ski Association submits an application for a “study or military status” certifying that a racer will not be able to compete due to professional obligations (studies) or military service and has indicated why and how long the competitor was prevented from racing, the procedure will be handled according art 4.2.6.

4.3.1 Applications

Applications for status due to professional obligations or military service must be submitted to the FIS Office prior to the beginning of the professional obligations.

4.4 Anti-Doping Rule Violation

A competitor subject to an anti-doping rule violation will have previously achieved FIS points deleted according to article 10.1.2 FIS Anti Doping Rules.
